Dear Program Director:

The Office of the Secretary of State is in receipt of your organization's "**Exempt Organization Fund-Raising Notice.**" The filing of this notice signifies that your organization is in compliance with the registration requirements of the Maryland Charitable Solicitations Act.

Your organization's registration number is **20752** . Please refer to this number in all correspondence with the Charities and Legal Services Division.

In order to renew your registration, a renewal "Exempt Organizations Fund-Raising Notice" should be filed with the Charities and Legal Services Division no later than **1/31/2012** . A renewal notice will be forwarded to your attention within thirty days of your organization's renewal date.

Organizations that either raise less than \$25,000 in charitable contributions or are soliciting contributions for a named individual and the gross amount is delivered to the individual are generally required to file annually an "Exempt Organization Fund-Raising Notice." If your organization raises more than \$25,000 in charitable contributions in a fiscal year, a different registration statement is required. Please contact the Charities and Legal Services Division or visit the Office's website at <http://www.sos.state.md.us/sos/charity/html/cod.html#charity> to obtain the appropriate registration forms.

Please be advised that registration with the Office of the Secretary of State does not constitute or imply endorsement of public solicitation for contribution. If you have any questions, please contact the Charities and Legal Services Division at (410) 974-5534.

Sincerely yours,

John P. McDonough
Secretary Of State
